

# WAR PLANES RAIN DEATH IN CHINA AND SPAIN

## FRENCH FIRE ON SHIPS CROSSING SPANISH BORDER

### British Ship is Struck by Bombs From Insurgent Planes

Madrid, June 6.—(AP)—A British ship, identified as the Winifred, was bombed and set afire today in an insurgent air raid on Alicante, a government Mediterranean port, 75 miles south of Valencia.

Three British members of the crew and two Alicante stevedores were killed. The war planes left 21 dead and 100 wounded.

Only Saturday the British tanker Maryad was bombed near Alicante by a seaplane. A government communiqué from Barcelona said four of the crew were killed.

Valencia, former provisional capital of the government, suburban towns and Sagunto, another port to its north, also were bombed today.

The raiders attacked Valencia's water front sector at 11:15 A. M. an entire family of four adults and three children were killed.

Twenty-two buildings in the port section were destroyed adding to the casualties. The harbor master, however, said most of the bombs fell into the water. Ships in port escaped damage.

### FRANCE INVADIED

Perpignan, France, June 6.—(AP)—French territory was invaded again today by bombing planes from Spain, but prompt warning shots from French anti-aircraft batteries sent them back across the frontier after a 10-minute flight over France.

French officials referred to the nine unmarked gray planes making today's incursion only as "of unknown nationality," but Spanish government forces on the other side of the border seemed certain they were insurgent craft.

Spanish government anti-aircraft batteries at Pulgorda fired 100 shots at the planes as they crossed back into Spain. Apparently there were no hits, but shells burst close to the squadron.

Yesterday's raid, in which bombs were dropped on French territory, also was made by nine unmarked gray planes.

Today's invaders first appeared over the village of Puymorens, near the Andorran frontier.

### Batteries Ready

They flew southeast more than six miles over French territory.

An anti-aircraft battery at the border town of Ur, standing with guns ready to fire following orders issued by Premier Edouard Daladier last night, sent a warning shot into the air as soon as the planes appeared.

Daladier left by plane for the border immediately after he had received word that Spanish warplanes had crossed the frontier for the second successive day.

The battery prepared to follow the warning with charged shells aimed at the squadron, but the planes immediately wheeled south.

The bombers next were sighted east of Bourg-Madame, still over French territory. Batteries at Nahuja, a little village near the border, also fired a warning shot. The planes then turned and flew back across the frontier.

### The nine invaders flew in the same formation—three V's—as those which bombed fields near Ax-les-Thermes yesterday.

Where they came from and what they were seeking on the French side of the border remained a mystery, but all French anti-aircraft batteries in the border zone received orders to stand by, while fighting planes at border airports also were put on guard.

## Freud Arrives In London In Search Of Peace, Quiet

London, June 6.—(AP)—Dr. Sigmund Freud, a sad, white-whiskered old man, arrived in London today from Nazi Vienna in search of "peace and quiet."

The 82-year-old "father of psychoanalysis" was accompanied by his wife, his daughter, Anna and his son, Ernst, a London architect.

The scientist was hustled from the ferry-train, which brought him from Paris over-night, to an automobile which took him to a large rented house in the St. John's Wood section of London where he will live.

### STARVED ROCK VICTIM

Ottawa, Ill.—(AP)—The body of a boy believed to be James Race, 9, of Peoria, was found in the Vermilion river at the junction of the Illinois river. The youth disappeared May 29, when he started to climb a 75-foot bluff in Starved Rock state park. Authorities said he apparently fell in the river and drowned.

## No Greater Love

Camanche, Ia., June 6.—(AP)—Two brothers were electrocuted last night, one in a futile attempt to save the other, when they came in contact with a high tension wire at a gravel pit.

The victims were Edward Paysen, 16, and Leonard Paysen, 17.

Coroner L. O. Riggert said a third youth told him Edward was found lying across a high-line at the pit. While attempting to remove Edward, Leonard also came in contact with the line and died a short time later.

## WIVES MAKE VAIN EFFORTS TO SEE SUSPECTS

Princeton, Fla., June 6.—(AP)—M. F. Braxton and his son, James, held by federal agents since Wednesday in connection with the kidnaping of James Bailey Cash, Jr., were released today after their wives called at the Federal Bureau of Investigation in Miami to plead for their freedom.

The women, almost hysterical, emerged from the FBI office reporting the agents refused to let them see their husbands or give them any word, but the unemployed carpenter and his fisherman son turned up here a short time later.

Both declined to make any statements about the case. As far as was known, no witnesses or suspects were held at the Miami headquarters after their release.

Meanwhile Cash reopened his filling station and lunchroom for the first time since May 28 when his five-year-old son was abducted for \$10,000 ransom. He said he had heard nothing new.

A small yellow biplane swept low over the FBI field office this morning and dropped a note which agents picked up and took into headquarters. It came from the direction of the islands to the south and presumably brought a message from a handful of men exploring there.

## Green Declares Russia Supports C. I. O. Movement

Cleveland, June 6.—(AP)—William Green declared today "the communist regime in Russia has told C. I. O. representatives: 'You are our hope in America.'"

Green, American Federation of Labor president, addressed the international association of theatrical stage employees and motion picture operators.

"People must have been appalled by the contract-breaking by one who seeks to be the undisputed labor dictator of this country," Green asserted. "This blood and thunder movement had much to do with bringing on the current recession as any other factor."

## HOLDUP IN MOLINE

Moline, Ill., June 6.—(AP)—Joseph Murphy, proprietor of the Heimbeck drug store reported to police last night that three armed men forced him to open the store safe and fled with about \$600, part of which represented postal money order receipts.

## "Save a Soul"

Chicago, June 6.—(AP)—The Rev. Eldon A. Brown, pastor of the Calvary Presbyterian church, made his "save a soul" creed adaptable to a traffic safety campaign.

He posted a note on the church bulletin board which read: "Save a soul today. Twenty-five miles speed limit on this boulevard."

## Local Legion Post's Resolution For Big Buddy Movement Adopted

Officers of Dixon post, No. 12, American Legion, attending the Thirteenth district convention at Rochelle Saturday, presented a resolution which was unanimously adopted, providing for the formation of a Big Buddy club in every post in the district. The resolution will be presented at the regular state department convention in Rockford in August and with the state recommendation, will then be presented to the national convention at San Francisco.

The Big Buddy movement is a plan original with the officers of Dixon post. Big Buddy clubs are to be organized in every American Legion post throughout the country for the purpose of assisting juveniles in each community, without regard to color, race or creed. In cases of juvenile delinquency, the Big Buddy organization is notified and first offenders appearing in courts are given an opportunity to become law abiding citizens through the course of instruction to be given by their sponsors, who will be members of the Big Buddy club.

Officers of Dixon post have a far greater plan in mind, it was stated today by the sponsors of the movement. This includes the possible establishment of a large camp along Rock river near Dixon, where boys from throughout this section of the country may enroll during the summer weeks for a wholesome outing, during which a well defined program of instruction will be a part of the training period together with athletic and entertainment features, which will be supervised by efficient trained men.

The entire program is formed to prevent, insofar as possible, delinquency among boys, through the local Post's Big Buddy program, which extends outside of the Legion organization to any who are interested in the movement.

## ADJOURNMENT OF CONGRESS IS DISCUSSED

### Early Agreement On Wage-Hour Bill Is Thought Necessary

WASHINGTON, June 6.—(AP)—Senate members of a congressional committee drafting a compromise wage-hour bill said today they had about agreed to support a proposal for individual wage standard boards within each industry.

Two members coming out of a separate session of the Senate conferred said sentiment indicated acceptance of a plan proposed by Senator Thomas (D-Utah), chairman of the Senate labor committee.

House conferees, meeting separately, were considering a somewhat similar proposal.

Washington, June 6.—(AP)—Congressional leaders discussed with President Roosevelt today the chances of adjourning Congress this week-end and agreed it could be done if there were an early agreement on the wage-hour bill.

Representative Rayburn of Texas, the House Democratic leader, said the president was told that progress had been made with the wage-hour measure by the committee of senators and representatives drafting a compromise bill.

He added that the last major bill of the session, a \$300,000,000 deficiency measure, would be reported to the House tomorrow and probably would be passed Wednesday.

At the Capitol, Chairman Thomas (D-Utah) of the Senate labor committee suggested that mittie approve a compromise giving a board or other federal agency wide latitude in enforcing wage scales on interstate industry.

Under Thomas' proposal, it would be the duty of the board to put into effect a minimum of 40 cents an hour for most industries within three years. It would have the power to exempt those industries which would have to reduce employment because of such a minimum.

There would be no periodic advances in wage minima as provided in the House bill, Thomas explained.

Wants Modified Version  
Senator Borah (R-Idaho), another of the Senate conferees, said he favored a modified version of the House bill.

Under his proposal, a minimum wage of 25 cents an hour would become effective immediately. This would be advanced to 30 cents next year, but thereafter the increase would be only two or three cents an hour until 40 cents an hour was reached. Although conferees on the

## Seek Indictment For Murder Against Father-in-Law

Springfield, Ill., June 6.—(AP)—Assistant State's Attorney John W. Curran, Jr., said today a murder indictment would be sought against John Enzmann, Sr., 74, for the quarrel slaying of his 29-year-old daughter-in-law.

Mrs. Nancy Enzmann died early today in St. John's hospital, two days after Curran said Enzmann fired a pistol shot into her chest in a dispute over a mortgage on the home in which the elder Enzmann lived with his son and daughter-in-law.

Meanwhile, Curran was reported planning a psychiatric examination for the elder Enzmann, to determine his mental soundness.

## Officers Of Law Continue Search For Degenerates

Urbana, Ill., June 6.—(AP)—Law enforcement officers today continued a search for degenerates who last week attacked a 16-year-old high school girl and two University of Illinois co-eds.

The university district has been heavily patrolled by police and deputy sheriffs since the last attack Friday night.

Several suspects were questioned by police, but all were released when the victims could not identify them.

Police said the high school girl was attacked Wednesday night by a man she described as middle-aged. The two girl students described their assailant as a young man. The co-eds fought the man and he fled when they cried for help.

Sheriff C. W. Roth of Champaign county has offered a reward for information leading to the arrest of the degenerates.

## Benedict

ATTY. CLYDE SMITH

Well known and popular Dixon barrister who at 10 o'clock this morning deserted the ranks of bachelors and became the husband of Miss Mary Morgan of this city. Details on society page.

## HORNER FACING TEST TOMORROW

### Governor's Efforts to Limit Relief Outgo Are Threatened

Springfield, Ill., June 6.—(AP)—A test of Governor Horner's effort to limit special session relief appropriations to \$4,500,000 may come in the legislature tomorrow.

Expected by administration leaders was a move by Rep. Lottie Holman O'Neill, Downers Grove Republican, to put on the house calendar her bill to take an additional \$16,000,000 out of the treasury for relief at the rate of \$2,000,000 monthly.

Meanwhile objections to the permissive legislation for municipal licenses on businesses trades and professions with the fees to help finance local relief were announced by the Illinois Manufacturers Association which contended that business firms already are too heavily burdened with direct and indirect taxes.

Introduction of the licensing bill drafted by associates of Mayor Kelly of Chicago, is expected tomorrow when the special session reconvenes to get specific data on the amount of regular appropriations that might be diverted to relief purposes.

Mrs. O'Neill introduced her \$16,000,000 bill after Finance Director S. L. Nudelman said the earlier \$4,500,000 emergency relief appropriation threatened to put the state treasury in the red before the biennium ends next June.

Wait Conferences  
Other big unemployment appropriation bills have been carried around in the brief case of Senator Harold G. Ward, Chicago Democrat, since the session opened. They would ask for expenditure of \$9,000,000 and \$12,000,000, but Ward hasn't introduced them pending the completion of the conferences between Kelly and Horner.

Designed to enable Chicago to add \$3,000,000 to its yearly unemployment revenues, the business licensing bill would permit any downstate municipality to impose similar fees, announced Joseph F. Grossman, one of Kelly's assistant corporation counsels.

The proposal would establish classifications for licenses—retailers, wholesalers, manufacturing business service, cleaning and repairing service, garage service, personal service, sports services, storage service, graphic arts service innkeepers' service and contractors.

## Fate of New Deal Said In Hands of the People Of Iowa at Polls Today

### Support of Roosevelt Policies Is Major Issue of Primary

(BY THE ASSOCIATED PRESS.)  
Unqualified support of Roosevelt policies was a major issue in Iowa's Democratic primary today.

Senator Guy Gillette contended administration forces had marked him for defeat because he opposed the President's court bill. In his final appeal for renomination he declared he would not be a "rubber stamp member of congress."

Representative Otha Wearin, his principal challenger, claimed administration backing because of his endorsement by WPA Administrator Harry Hopkins and James Roosevelt's reference to him as "My friend."

"The fate of the New Deal is in the hands of the people of Iowa," Wearin said.

The contest not only split the party leadership in the state but divided organized labor. William Green, president of the American Federation of Labor, endorsed Gillette last night, while various C. I. O. leaders have announced support of Wearin.

Three other candidates were in the field. If none polls 35 percent of the vote, a state convention will choose the nominee. Polls close at 8 P. M. C. S. T.

### Republicans In Contest

In the Republican senatorial contest, Representative Lloyd Thurston was battling former Senator L. J. Dickinson, who sometimes is mistaken for Gillette because both have a shock of white hair. Wearin at 35 is by far the youngest of the quartet.

In contrast to the nationwide attention centered on the Iowa contest was Saturday's Democratic senatorial race in North Carolina. Senator Robert Reynolds won renomination by nearly 100,000 votes over Representative Frank Hancock. Both pledged support to the national administration. Hancock said he would back his vanquisher.

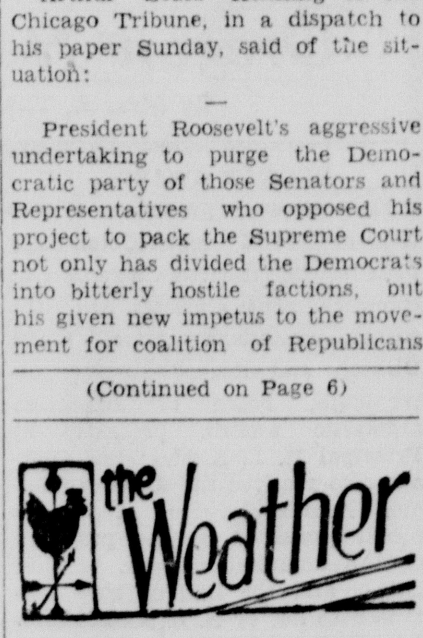

Senatorial nominees will be selected late this month in two other states—Indiana and South Dakota. Senator Van Nuys, like Gillette a court bill foe, is expected to be denied Democratic renomination in Indiana, but will run as an independent.

Senator Gerald Nye (R-N.D.) is opposed by Gov. William Langer in a primary June 28. Senator Bone (D-Wash.), an administration supporter, urged Nye's renomination but said it was purely an expression of personal admiration. Nye has favored some Roosevelt measures, although he fought the court bill.

Arthur Sears Henning of the Chicago Tribune, in a dispatch to his paper Sunday, said of the situation:

President Roosevelt's aggressive undertaking to purge the Democratic party of those Senators and Representatives who opposed his project to pack the Supreme Court not only has divided the Democrats into bitterly hostile factions, but has given new impetus to the movement for coalition of Republicans.

## MONDAY, JUNE 6, 1938 (By The Associated Press)

For Chicago and Vicinity: Thundershowers this afternoon or tonight; cooler tonight; Tuesday partly cloudy and cooler; fresh southwest to west winds, becoming northwest tonight, diminishing Tuesday.

Illinois: Thundershowers this afternoon or tonight and in south portion tonight and probably Tuesday morning, becoming fair in central and north Tuesday; cooler Tuesday and in central and north tonight.

Wisconsin: Considerable cloudiness, thundershowers in extreme southeast portion this afternoon or tonight; much cooler tonight; Tuesday fair, cooler in east and south.

Missouri: Thundershowers in northwest portion this afternoon or tonight and in east and south tonight and probably Tuesday morning, becoming fair in west and north Tuesday; cooler Tuesday and in north tonight.

Iowa: Considerable cloudiness, thundershowers in south and extreme east portion this afternoon or tonight; much cooler tonight; Tuesday fair, cooler in south and extreme east portions.

### LOCAL TEMPERATURES

For the 24 hours ending at 7 A. M. Sunday: maximum, 77; minimum, 48.  
For the 24 hours ending at 7 A. M. today: maximum, 81; minimum, 62. Precipitation .56 inches; total for June 47 inches.

Tuesday—Sun rises at 4:23; sets at 7:34.

## Heroic Deaths

Dowagiac, Mich., June 6.—(AP)—Three youths, each about 21 years old, were drowned yesterday in Indian Lake near here.

They were Frank Bratek, of Chicago, and Frank Clark and Earl Weist, Jr., both of Dowagiac.

The bodies were recovered about three hours after the youths' empty rowboat and a broken oar drifted ashore.

Sheriff Earl Shattuck said he believed Bratek, who could not swim, fell into the water, and his companions drowned trying to save him. He said Bratek was rescued a week ago after falling from his boat.

## FRANCO WORRIES OVER INSURGENT ITALIAN TIFTS

Hendaye, France.—At the Spanish Frontier — June 6.—(AP)—Generalissimo Francisco Franco was reported today to have ordered severe measures to avoid open conflict between his Spanish insurgent officers and their blackshirt Italian allies.

Franco was said to have left the eastern war front, where his drive on Valencia virtually was halted by government militiamen, to hold a hurried council of war at Burgos seat of the insurgent government.

The meeting was called, insurgent sources said, following fights between insurgent and Italian officers, the most serious taking place at Malaga and Zaragoza where they engaged in fistfights and exchanged revolver shots a week ago.

These sources said Franco had ordered the arrest of a number of his officers as an indication of his continued friendship and cooperation with Italy, which has been one of his heaviest backers in the civil war.

(Travelers reaching Gibraltar quoted insurgent officers as expressing resentment at "the dictatorial attitude" of the Italian officers and expressing fears that the Italians and Germans intended to maintain a monopoly hold in the country when the war ends. Week-end executions reported north of Gibraltar was taken as confirmation of stories of repressive measures following insurgent resentment.

Except for slight insurgent gains in the Albucaer sector, the battle along the 60-mile front from the mountains east of Teruel to the Mediterranean was stalemated.

### BLACK AND WHITE SHOW

The second annual Black and White Holstein show and picnic will be held at Assembly Park tomorrow. Seventy head of selected Holsteins will be shown. Judging will commence at 10 A. M. for juniors and seniors. A plaque will be given for showmanship in the best boys and girls division. Lee, Ogle, Bureau and Whiteside counties will be represented in the show.

### COUPE STOLEN

Loren Huggins, 713 Douglas avenue, Saturday night at 12 o'clock, reported to the police that his 1939 model Ford coupe had been stolen. The car was left parked in front of the McIntyre tavern on Depot avenue, south of Seventh street. The machine bore Illinois license plates No. 1-235-364.

### TO STATE WORK FARM

Anthony Sokolic, a transient, was sentenced to a 90 day term at the state work farm at Vandalla by Judge Grover Gehant in the county court this morning on a charge of vagrancy. Sokolic created disturbances at several north side homes Saturday evening when his appeals for food and money were unheeded, and police were called and took him in custody.

### MISS CARR HONORED

Jacksonville, Ill.—(AP)—An honorary degree of Master of Arts was bestowed upon Miss Charlotte Carr, director of Hull House, Chicago, after she delivered the commencement address at MacMurray College for Women.

She said that 25 years of experience in industrial work had convinced her "that the price of relief has not been too high."

### Not Desecration

Pelham, N. Y., June 6.—(AP)—Members of the congregation of 106-year-old Christ's Protestant Episcopal church may attend Sunday services in picnic and beach costumes now—and bring along their golf clubs and tennis racquets, too.

Permission to come to church in sports attire was granted by the rector, the Rev. Edward Thomas Taggard.

"It cannot be considered a desecration of the Sabbath to indulge in wholesome recreation," he observed.

### Mayor Slothower Named Chairman Of Program to Aid Hungry Chinese

Mayor William V. Slothower was today named chairman in Dixon for the Bowl of Rice party to be observed June 17 throughout the United States, to raise funds for starving Chinese. The appointment was made by Theodore Roosevelt Jr., national chairman of the United Council for Civilian Relief in China. Mayor Slothower will appoint the committees to assist in the observance of the Bowl of Rice party, which will be announced within a few days.

In an air mail letter received this morning from National Chairman Roosevelt, it was stated:

"In China today there are fifty million Chinese suffering from hunger and disease, the majority of whom are women and children. It is probable that the world never has faced a relief need of such proportions or one appealing more to the sympathies of American citizens."

In Dixon the plea for funds will doubtless be met with a special tag today. Every cent of money derived in this manner will go to the China relief fund and a special program will be arranged to encourage a liberal response to this worthy cause.

## DEAD, WOUNDED IN CANTON PUT AT THOUSANDS

### Japanese Raided City for Tenth Consecutive Day Today

Canton, China, June 6.—(AP)—Japanese warplanes rained bombs on this terrorized city in two punishing raids today and Chinese officials estimated the toll of dead or wounded at 1,500.

More than 100 bombs were dropped in two raids, at 8:30 and 10:30 A. M., according to official estimates at least 1,000 buildings were destroyed.

One bomb scored a direct hit on the French-owned Doumer hospital, killing two Chinese patients and wounding a French surgeon and many Chinese. One side of the building was blown out.

The new raids lifted to 6,000 authoritative estimates of dead and wounded since May 28, when Japan began a crushing series of raids on this South China metropolis, through which a large part of China's war supplies from abroad enter. It was the tenth successive day Canton or its environs had been bombed.

### Aimed at Bridge

Heavy toll was taken today by bombs which plunged into the houseboat community on the Pearl river, home of thousands. The pilots evidently were aiming at the Pearl river bridge.

French authorities rushed French Colonial infantry from their concession on Shamen island to Doumer hospital, around which barricades were erected.

Corpses were strewn over the wide macadam road in front of the hospital as buildings nearby were hit.

Forty-five bodies were laid in the street outside a Red Cross unit next door to the hospital.

Others were placed outside the nearby Y. M. C. A. building where Edward H. Lockwood of Indiana, secretary, narrowly escaped injury.

Other bombs fell among the tightly packed sampans in the river, creating terrible havoc.

### British Protest

British Consul A. P. Blunt telephoned a protest to the Japanese Consul General in Hongkong against the raiders flying over the foreign quarter on Shamen island.

No bombs were dropped in the foreign settlement, but the planes were said to have released numerous bombs over the settlement in order to hit nearby buildings.

A Hongkong dispatch said between 40 and 50 planes took part in two raids today, directing their attack chiefly at government buildings, railway stations and electric power plants.

### JAP SUCCESSES

Shanghai, June 6.—(AP)—Japanese shock troops today began the envelopment of Chengchow, key to Hankow, after having captured Kaifeng, one-time capital of China.

One column, driving westward from Kaifeng in pursuit of retreating Chinese forces, advanced to Chungmow, 23 miles east of the important junction of the Peiping-Hankow and Lunghai railways, while other columns closed in from the south and southeast.

Japanese aerial observers reported large-scale Chinese withdrawal was underway at Chengchow.

Some were withdrawing to the west, it was said, where they were forming a defense line against a Japanese advance into Shensi province which would cut off the flow of munitions from Soviet Russia. Others were forming a line 30 miles to the south near Sincing to prevent the Japanese from severing the Peiping-Hankow line and striking Chengchow from that direction.

The Japanese aim is to capture Chengchow and then advance down the Peiping-Hankow railway to China's provisional capital.

The Chinese were expected to make a stand at Chungmow, a town of 10,000 population in a desert-like area of shifting sand ridges, terrain favorable for full use of Japanese mechanized equipment.

### Former Resident of Dixon Died Sunday

David H. Law of this city this morning received word of the death of Ulysses Wasley, a former resident of Dixon, at his home in Park Ridge Sunday evening.

The deceased was the son of the late John Wasley, who for a number of years served as superintendent of the Dixon Water company. Ulysses Wasley was a retired Pullman conductor and for many years ran between Chicago and New Orleans on crack Illinois Central trains. The body will be brought to Dixon Wednesday for burial, the funeral arrangements to be announced later.

## Octagon House

BY PHOEBE AT WOOD TAYLOR

### The Story So Far:

Assey Mayo, Cape Cod detective, is investigating yesterday's murder of Marina Lorne, whose husband's post office mural has aroused Quannomet. She was killed by a left handed blow from her sister's knife. Pam Frye disappears for awhile after hiding \$50,000 worth of ambergris, then slips back into the tower of Octagon House. Assey knows she is innocent, as well as Tim Carr, boarder with the Fryes. Marina was married to Tim, unknown to Jack Lorne, and also had played around with Roddy Strutt, who is now being "menaced." Before the eyes of Assey, Jack and Peggy Boone, the barn burns down. Realizing the fire was set by someone who wanted to learn the location of the ambergris, Assey prowls around the woods. He finds Tim knocked out, then Tim finds Assey knocked out. Back at the house they discover Pam's father and two troopers are missing.

### Chapter 27

#### Man Hunt

"Where are they?" Cummings' lusty fellow brought the trooper rushing into the kitchen from the front of the house, and behind him rushed Lorne, Peggy Boone and Mrs. Carr.

"Hanson said that Aaron Frye and the troopers were with you. Didn't he, Ding?" Cummings said. "That's right," the trooper answered. "That's what Hanson said. He said they were all of them with Assey. That's just what he said. And now—say, where are they?"

"What inspired that brain ripple of Hanson's?" Assey demanded in tones that were crisper than usual. "How'd he get that idea?"

"Why, I told him," the trooper said, "that O'Malley and Shorty had gone, and Frye and the Carrs, too. I told him when I went up to tell him about that fire hose, like you ordered me too. He asked how things was, and I told him they was all gone. And Hanson said if you was here, all right, not to worry. You'd get 'em. You got one, anyway," he pointed to Timothy. "You got one. Where's the rest?"

"They're not in my pocket," Assey said. "Lorne, you and Carr and this fellow an' I, we'll have to do some tall huntin'."

"Can't I hunt, too?" Peggy Boone asked.

"You better hadn't," Assey said. "The lad we met up with was a great old basher. Asy, maybe you want to get home—do you?"

"Go home, with all this going on, don't be silly!"

"Tell you what," Assey said, "you go down the street an' drop in on the neighbors, an' tell 'em we'd like some help in a man hunt. Mrs. Carr, you go along with her."

"To second the invitation? I'd love to. How many people would you want, Assey?"

"As many as you can inveigle," Assey said. "But get natives, please. No outsiders—"

As soon as the group scattered,

Assey slipped upstairs to the attic. "Hi," Pam Frye greeted him genially. "You don't mind if I don't welcome you with a light, do you?"

"Hi yourself," Assey said. "I'm certainly glad to know you're safe an' sound—how'd you get here, an' when?"

"Oh, I walked in the front door," Pam told him, "while the rest were on the back porch. And if you had a can opener, I could enjoy a light repast of cold beans."

### Forgotten Question

Assey presented her with a jack-knife, and told her about Aaron. "Is he missing?" she said. "Oh, I wouldn't worry, Assey. He often wanders. Probably in his present mental state, he had to wander or bust. Who burned up the barn?"

"God A'mighty," Assey said. "Is the only one that knows that. Pam, where does your father wander to?"

"I've known him to walk to Hyannis."

"An' we're shy two troopers," Assey said.

"Then I certainly shouldn't worry about Aaron," Pam remarked, struggling with the can of beans. "He wandered off to town, and they went after him, and probably they're all up there now. Didn't you see the to-do? I spent some time viewing it this afternoon, and apparently my tourist face is convincing—no one noticed me."

"Where did you go last night?" "Someone," Pam said, "was prowling around your house. I don't know who it was, but I saw the figure beneath the window. There didn't seem to be any sense in exposing you to danger, so I upped and left. Went to your garage, as a matter of fact."

"I looked in the garage an' the shed too."

"Oh, I climbed a tree until after you'd gone to bed," Pam remarked. "Then I sneaked into the garage and curled up in your poster. And if Jennie's mad about a pie she missed from the shed this afternoon, don't blame tramps. Assey, what's that noise outside? Hordes of people—"

"My man hunt," Assey said. "Look, you stay here quiet for the night, will you? Don't go rushin' off again. I'll be up later an' bring you some food. Cummings an' Mrs. Carr'll be downstairs. I've got to go an' make sure your father an' them fellers didn't meet up with my biffer—"

It occurred to Assey as he ran down the stairs to the kitchen that he had not, in his relief at finding the girl, asked a single thing about the question uppermost in his mind. He still didn't know where that lump of ambergris was!

"We've got around two dozen for you," Mrs. Carr said with a touch of quiet pride. "All natives, and for all I know, all of impeccable Mayflower ancestry."

"A triumph," Assey said, "of organization. Thanks. We'll see if we can't get somewhere."

At two o'clock that morning they gave up the search. Not a single trace of Aaron Frye or of the two troopers could be found in the woods or the vicinity.

"An' that," Assey said wearily, after dismissing his searching party, "is that!"

Cummings agreed. "What are you going to do now? What—say, here's Hanson in his car. Maybe he's got some news."

Hanson regarded them sleepily through glazed eyes. "News?" he said. "The town's in order, if that's what you mean."

"But Frye, and your two men, they're still missing," the doctor said. "Missing!"

"Don't shout. I believe you," Hanson said.

"Wake up for a second," Assey said. "Have you seen Shorty an' O'Malley up town?" They're still missin'. I'm beginnin' to believe they must have joined your crowd in the village."

"They didn't," Hanson yawned widely.

### A Complete Mess

"Go grab some sleep, Hanson. You need it. There's a hammock on the front porch. Tumble into it. You can sleep and be on guard duty at the same time. I'll look after things here. I've got Lorne and Carr to help."

"That's white of you," Hanson said. "I mean it. Usually I can take three or four days without sleep, but this mob in the town got me."

Assey led him to the hammock. Before Cummings finished draping a blanket over him, Hanson was dead to the world.

"I'll get another blanket," Cummings said. "And look, what about Roddy?"

"He could menace me," Assey said, "more'n I could menace him, at this point. If there was another hammock, I'd flip into it myself."

In the kitchen of the Octagon House, Mrs. Carr was bustling around with coffee and sandwiches.

"You have a choice," she said, "of ham with mustard or ham without mustard. Last week I saw an ad of the perfect hostess serving a midnight snack, and she had thirty-four different kinds of cheese and sixteen varieties of cold cuts. By those standards, this is a low-class party. But it's food. Peg, get the butter—"

"I forgot about you," Assey spoke to Peggy Boone. "Want Cummings to take you home?"

"She can't go home," Mrs. Carr

said. "She's going to stay and take the bedroom next to mine. I shall feel safer. Did you know that my bedroom has 16 sides?"

It was long after three o'clock before Assey got the household straightened out, with Mrs. Carr and Peggy Boone upstairs, Tim on the front porch beside the snoring Hanson, and Jack Lorne in the cellar.

"I'm takin' the back porch," Assey said, "and it seems to be that between us, we'd ought to discourage any further prowlin' or flir'n' o' bashin'."

He had just settled himself in a straight-backed chair—he didn't dare sit in anything comfortable for fear of following Hanson's example—when Mrs. Carr tiptoed out.

"You've found out about Tim," she said, "and us—"

"Yes," Assey said. "You've both had a tough time."

"And you're really not going to arrest him—oh, bless you!" she said. "He's all I've got, and I know I get simply maudlin about him, but—"

"I know—"

"But I don't think you do, Assey. He didn't kill her, nor did I. But you'll never know how much I yearned to—oh, Emma's followed me! I thought she was asleep in her basket—grab her!"

Assey, with the cat purring in his arms, steered Mrs. Carr up to her room. "Now," he said gently, "you go to sleep!"

Gratitude was all very well in its way, and he liked the Carr family and its cat, but right now he was too exhausted to cope with them, singly or otherwise.

A more complete mess, he thought as he resumed his seat on the porch, a more peculiar mess, he had never seen.

(Copyright, 1938, by Phoebe Atwood Taylor)

When will Assey find out about the ambergris? Continued tomorrow.

## HARMON

By MARGARET ANDERSON

Mrs. William McNally has returned to her home in Des Moines, Iowa after spending the holidays here with her brothers, Andy and William Gihlin. Her niece, Bernadine Garland who makes her home with her parents, remained here to visit her parents, Mr. and Mrs. Frank Garland in Sterling and her many relatives in this community.

Mrs. William Deitz and daughter, Miss Leola motored to Sterling on Tuesday and visited her daughter and son-in-law, Mr. and Mrs. Orville Blallen.

T. L. Allen of La Belle, Mo. left Tuesday for Colo. Iowa to visit his daughter, Mrs. John Gale. Mr. Allen has been visiting here in the home of his daughter, Mrs. Robert Thrasher and family for the past several weeks.

Kletus Wickens of Chicago spent a few days here with his cousin, Emmet Drew and family.

I. H. Perkins was a business caller in Sterling the latter part of the week.

Mr. and Mrs. Lester J. Spotts were pleasantly surprised Sunday in observance of their silver wedding anniversary when Mrs. Julius Schillp was hostess to a group of 85 relatives, friends and neighbors of the couple who came at noon for a cafeteria dinner.

In the afternoon a mock wedding was given by friends of the couple. Horseshoe, tennis, croquet and cards furnished diversion for the afternoon after which cake and ice cream were served.

Those from out of town who attended the celebration were: Mr. and Mrs. William Lee, Mr. and Mrs. Clifford Knight and Mrs. Paul Stockton; Mr. and Mrs. Earl Babcock, Waterloo, Iowa; Mrs. Bertha Hamann and Walt Hamann, Pekin; Mr. and Mrs. Elmer C. Hamann and Mr. and Mrs. Katching of Geneseo. The honored couple received a purse of money and many gifts.

The following relatives and friends were delightfully entertained in the home of Mr. and Mrs. Joe Lund on Sunday, Mr. and Mrs. Ed Lund of Kasbeer; Mr. and Mrs. William Lund and Mr. and Mrs. Lester Lund and son Donald of Ohio; Mr. and Mrs. Ralph Williams of Humbolt, Kas.; Mr. and Mrs. Kenneth Cook of Dixon, the daughter, Miss Margaret Lund, R. N. of Cedar Rapids, Iowa, and James Kuhn of Tipton, Iowa. The latter will spend the summer in the Lund home.

Mrs. John Sutton was a Wednesday visitor with relatives in Rock Falls.

Mr. and Mrs. Glenn Gaskill and daughter Silvia and furnishing rooms in the George Long home, which they will soon occupy.

Miss Mary Hermes of Sterling spent Memorial Day here with her parents, Mr. and Mrs. Ed Hermes.

Mr. and Mrs. Paul Egan and baby were here from Deer Grove and visited the fore part of the week.

Will Martin was a business caller in Dixon the latter part of the week.

Mr. and Mrs. George Ross motored to Sterling and visited relatives recently.

Mr. and Mrs. John Gale and daughter, Betty Jo and their son-in-law and daughter, Mr. and Mrs. Alvin Behrendt, newlyweds, motored here from Colo. Iowa on Saturday for a few days visit in the home of Mrs. Gale's brother-in-law and sister, Mr. and Mrs. Robert Thrasher and in the home of Mr. and Mrs. John Behrendt.

Mr. and Mrs. William C. Hill and sons motored here from Stockton

## Church of the Brethren, Palo

The Goal of the Church of the Brethren: "Live clean lives, the highest type of Christian citizenship."

In the year 1855 when Palo was young, Elder Isaac Hershey of Pine Creek held the first church services of the Church of the Brethren in the brick school building in Palo now occupied as a residence by Mrs. Clara Treat, on South Franklin street. Services were held at various times in other school houses, Buffalo Grove, Doty and Union, which was moved and became Unity.

Following the Civil War for a period of about 15 years, services were held in the Funk and Petrie hall above what is now Port's hardware. These services were directed by the ministers of the country church at Pine Creek. The families living in town during that period, as we can remember how: D. L. Miller, William R. Miller, (their brother Frank lived 3 miles in the country, Jacob S. Line, Fred Nazarene, Washington Harshman, George Travis, and a few others whose names are not at hand.

In 1880 the Episcopal church on South Congress street was leased. This house had been erected by the Episcopal people in the year 1860 at a cost of \$1300. This lease continued till in the year 1885 when the Brethren purchased it from them at a cost of \$900. Preaching services were continued every two weeks and a Sunday school was organized, holding its sessions on the Sundays when there was preaching. Frank Z. Miller served as the superintendent for a long period of years.

The church owes much, first to D. L. Miller and second, to Jacob S. Line for their untiring efforts in keeping the work going. D. L. Miller had come first to Ogle county as a young man in 1860. Returning he came again in 1867. A year later he married Miss Elizabeth Talley of Philadelphia, Penn. He went into the grain business with George Ambrose as partner and later changed his business to that of grocer. He continued in this business until the fall of 1879 when he was called to Mt. Morris to become business

manager of the Mt. Morris college. The membership in Palo at that time was a part of the Pine Creek congregation and the preaching services were provided by the ministers of the Pine Creek church. D. L. Miller never ceased to press the point of having services in town. During the decade of the 1880's the services both preaching and Sunday school were continued every two weeks, alternating with the like services at Pine Creek church.

Early in the year 1893 at the urge of John Heckman, who had come into the community the year before, the Sunday services were reorganized with public preaching services every Sunday morning and evening and Sunday school every Sunday morning. From this time the interest and attendance increased. The ministerial service was free. Edmund Forney, John Heckman and Carlo Fahney filled the pulpit in turn. David A. Rowland served as Sunday school superintendent for a few years in this early time.

Through increase of membership and interest there came a strong desire to build a new house of worship. By the united effort and co-operation of the members in the country and town they were able to bring this about. At a meeting on July 4, 1904, at the Pine Creek Church of the Brethren the decision was passed to build a new church in Palo. John Burner, John H. Stuff and Albert Gilbert were appointed a building committee and instructed to begin at once. Sunday, July 31, the last service was held in the old church. It was sold and moved four blocks south on Congress street to be used as a residence. In five months the house was completed. On New Year's 1905 the new church was dedicated free of debt. The dedicatory sermon was preached by Elder I. D. Parker of Ohio.

At this time about 20 families the membership centering into Palo. On September 20, 1905, they were set off from the Pine Creek congregation as an independent organization. D. A. Rowland had taken charge as pastor in March of that year and served for 3 years.

In 1908 John Heckman was called to the pastorate and served for 6 and a half years. During these years there was substantial growth. There was need for more class rooms for Sunday school. Three class rooms were added and the balcony put in.

P. A. Myers, a Mt. Morris college graduate, was pastor from 1914 to 1918. G. L. Wine, now pastor of the Brethren church at Covington, Ohio, was pastor two years. For one year there was no resident pastor but the church was served in the pulpit by Professor Merlin G. Miller of Mt. Morris college, J. S. Flory, now pastor of the Rockford church, was pastor from 1921 to 1925.

William E. Thompson, now of Dixon, was called to the pastorate September 1, 1925, and continued for 7 years. It was during his pastorate that a plan was set forth to rearrange the basement and make considerable improvement. The expense of labor and material was near \$2500. The basement was deepened and a complete kitchen and dining room outfit was installed. In the main auditorium the pulpit was enlarged and the auditorium was redecorated. It was made a "Men's Project." All the men of the church were organized into squads to do the work. Close tab was kept on every man's work and credit given. Getting the work done was good, but the great social time the men had together overshadowed it.

Arthur Warner, now of Virginia, was pastor for 3 years. Ora Garber, now of Des Moines, Iowa, followed 2 years. September 1, 1937, H. Jesse Baker came to the pastorate from Ohio. There has been a very marked growth during this year. The church membership has grown to 250. The Sunday school attendance now averages above 200.

Several of the young men have volunteered for the Christian ministry. Among these two have been ordained. Clarence Heckman with his wife has been a missionary in Nigeria, Africa, for the past 14 years. Rowland McInay is now pastor of the Church of the Brethren in Minneapolis, Minn., for the past 3 years.

He is employed with the DeKalb-Ogle Telephone Co.

ENTERTAINS AT SHOWER. Mrs. Kenneth Corcoran was hostess to 75 guests Thursday night

YOU'RE MONEY AHEAD TO

CALL ON HOLLAND FOR ANY HEATING NEED!

FREE! FURNACE INSPECTION

SELLING furnaces is only part of the broad services this company renders to make homes more comfortable. Important among these services are expert cleaning and repairs at surprisingly low prices. If therefore, you have any heating difficulty, however slight, call the factory branch below and ask for a thorough inspection of your heating plant by our engineer. There is no cost and NO OBLIGATION.

More than half of the total population of London is under 30 years of age.

## YEARS AGO

Outstanding News of Dixon and Vicinity in the Past

From the Dixon Telegraph. 25 YEARS AGO.

General Manager Louis Pitcher of the Dixon Home Telephone company was last evening elected corresponding secretary of the Young Men's branch of the Dixon Citizen's association and B. F. Downing was named chairman of the membership committee.

Mayor W. B. Brinton is joined by other members of city council in opposing purchase of automobile fire truck for the city.

The Dixon National bank and the First National bank of Amboy today were named government depositories by Secretary of Treasury McAdoo.

10 YEARS AGO. The Dixon Water company is improving its property on Dement avenue, landscaping and with a new pump building.

The city council at its meeting last evening requested county aid in the construction of a new bridge across Rock river at Peoria avenue.

Lawrence Sheets has been awarded the contract to widen the cement culvert on Crawford avenue south of Seventh street.

CHRISTIAN SCIENCE CHURCHES "God the Only Cause and Creator" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 5.

The Golden Text was, "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created" (Revelation 4:11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name" (Psalm 100:3, 4).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Scriptures imply that God is all-in-all. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence" (p. 331).

During the first three months of 1938, 798 planes were produced in the United States. Of this number 296 were for domestic civil use and 343 were delivered to military establishments.

## STORIES IN STAMPS

## Why the Swedes Came to the New World

NO dazzling dream of exploration stirred the average Swede in 1638. He was perfectly contented at home. There was no religious persecution, taxes were not high, there was no social oppression, no overcrowding of population.

Then came Peter Minuit, Dutch soldier of fortune who had served as general manager of the Dutch New Amsterdam, or New York. Minuit brought tall tales to Sweden and the promise of great riches in furs and probably gold. But even then the first immigrants had to be drafted, many of them as a punishment for being in disfavor with the government. There were Finns who had run afoul of the poaching law and army deserters and debtors, altogether not a promising band of colonists.

But promising or not they set sail from Sweden in Minuit's ship, the Kalmars Nyckel and the Fogel Grip, and more than four and a half months later, moved slowly up the Delaware, a weary group of 150. They landed, on what is the present site of Wilmington, Del., April 8, 1638, erected a fort on Christina creek, and promptly named the country New Sweden. The ship Kalmars Nyckel is shown here on one of five Swedish stamps issued to commemorate the 300th anniversary of this historic settlement in America.

## Miss Jewel Auman Was Graduated from Coe This Morning

Mr. and Mrs. Earl Auman, Herbert, Hubert and Ned, motored to Cedar Rapids, Ia., this morning to attend the graduation of their daughter and sister, Miss Jewel Auman who was graduated from Coe college this morning at 10 o'clock.

A week ago Professor Kitchen of the college's department of music presented Miss Jewel in a violin recital at Sinclair Memorial chapel. Following the recital a reception was given in her honor at the home of Prof. and Mrs. Kitchen.

Miss Auman during the past year was vice president of Delta Delta Delta sorority and Chi Delta social group and is also a member of the college orchestra. Herbert and Hubert Auman have completed their first year at Coe college.

## THURSDAY READING CIRCLE

The Thursday Reading Circle met Thursday afternoon at the home of Mrs. Nettie Dimmick and her daughter Mrs. Ross Crawford. The following program, with Miss Anna Mead in charge, was enjoyed. Several piano selections were played by Mrs. Crawford. Mrs. A. I. Hardy gave a reading and responded to an encore and the lesson from the study book was given by Mrs. A. P. Corbin. After the program a social hour was enjoyed and delicious refreshments were served by the hostesses.

## MISSIONARY GROUPS PLAN JOINT MEETING

The Women's Home and Foreign Missionary Society of the Bethel U. E. church will go to Alfokey, Wednesday for a joint meeting to be held with the Cedarville and Alfokey Missionary societies. A scramble dinner will be served at noon which will be followed by a program. Anyone planning to attend and as yet have no transportation may call Mrs. John Nielson or Mrs. S. E. Walker.

## TO NEW YORK

Miss Clara Gwen Bardwell of Rockford spent the week end in Dixon with her mother, Mrs. H. U. Bardwell. On Wednesday Miss Bardwell will leave for Pleasantville, N. Y. where she will visit over the week end at the home of Mr. and Mrs. Bascom Johnson.

## BALDWIN AUXILIARY

Baldwin Auxiliary, U. S. W. V., will meet in G. A. R. hall at 8 P. M. Tuesday.

## Miss Fern E. Grimes And Alden H. Burger Were Wed Yesterday

At 12:30 o'clock yesterday at the First Methodist church Miss Fern Elizabeth Grimes, daughter of Mr. and Mrs. Ralph E. Grimes of 1210 Third street, became the bride of Alden H. Burger, son of Mr. and Mrs. Marion F. Burger of Suring, Wis.

The Rev. Howard P. Buxton officiated with the double ring ceremony.

The bride was attended by her sister, Ruby and the groom by his brother-in-law, Spencer Oswald of Madison, Wis. The bride was attractively dressed in powder blue with pink and white accessories. The maid of honor wore beige with blue accessories. The groom and his best man wore the conventional dark suits.

The bride is a graduate of Dixon high school and for the past two years has been mail order clerk at the Montgomery Ward company's store.

The groom is a graduate of the Suring high school and for the past two years has been in charge of the tire department at Montgomery Ward.

After the ceremony a delicious dinner was served to the immediate families at the home of the bride's parents. The bride's colors were carried out with baskets of garden flowers and at the dinner tables.

Out-of-town guests were the groom's parents, Mr. and Mrs. Marion F. Burger of Suring, Wis., and Mr. and Mrs. Spencer Oswald of Madison, Wisconsin.

The bride and groom will leave Thursday for a two weeks honeymoon trip through the south.

## Methodist Group Enjoys Program

The General Aid Society of the Methodist church met last Friday afternoon at the church for a business meeting followed by a program and refreshments.

Mrs. E. J. Brown was elected first vice president for the ensuing year.

Mrs. Bills, president, announced that the society brought home the banner for the largest attendance at the Rock River Valley meeting at Amboy.

Miss Seals led the devotions. A very clever reading was given by Miss Clara Wadsworth who responded to an encore.

Mrs. Deutsch gave an informal talk about her experiences in Texas, dwelling especially on San Antonio and Houston, two cities so very different and yet so interesting each in its own way.

Mrs. Dawson told her audience of life aboard ship as she sailed for Europe and then told of some of her interesting experiences there.

Toward the close of the meeting Mrs. Bills graciously thanked the out-going officers and chairmen and welcomed the new ones.

## DINNER GUESTS

Mr. and Mrs. Bertrand Whitcomb entertained at dinner Saturday evening for Mrs. A. B. Whitcomb of Evanston and Mrs. Charles Sheffield of Grand Detour. Mrs. Whitcomb returned to her home today after a two weeks visit with Mrs. Sheffield, Mrs. Flamm and Mr. and Mrs. Kishbaugh.

## TO CONVENTION

Mrs. Marie B. Hettler, president of the local G. A. R. Circle No. 73, Mrs. Sadie Ayres, registrar; Mrs. Zella Corning, vice president; and Mrs. Florence Onnen, treasurer, left this afternoon to attend the state convention of the G. A. R. Circles at Aurora.

**ENTERTAINS FRIENDS**—Miss Lois Fellows entertained a few friends at her home Saturday evening.

## YOKE FROCK TAKES TO SPORTS

Marian Martin

PATTERN 9747

Whether you're an active sports-woman or an enthusiastic onlooker, this attractive young frock will add tremendously to your chic and your pleasure. Its lines are simple and carefree, yet they carry real style importance. There's pleasure, too, in the actual making, for Pattern 9747 makes it simple indeed to get just the right "set" to that curved front yoke and just the right "swing" to the gored skirt. A few bright buttons add interest at the neck, or ric-rac and buttons may be effectively combined. A Complete Marian Martin Diagrammed Sew Chart is included to help you turn out this dress with the greatest possible ease.

Pattern 9747 may be ordered only in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 3 1/2 yards 36 inch. Send fifteen cents in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your size, name, address, and style number.

New Marian Martin Pattern Book of Summer Styles is here! Order your copy today! See what's smart for morning wear, what's gay and cool for afternoon, how to look romantic for wedding or evening! Here too, are carefree sports and play clothes for the summer stay-at-home or traveler, as well as beguiling frocks for tiny tots and those gay "tween teens." Don't miss it. Price of book fifteen cents. Price of pattern fifteen cents. Book and pattern together only twenty-five cents.

Send your order to the Dixon Evening Telegraph, Pattern De-

partment, 232 W. 18th St., New York, N. Y.

## Miss Mary Morgan Weds Clyde Smith

Miss Mary Morgan and Atty. Clyde Smith were married at 10 o'clock this morning in the study of the Methodist parsonage with the Rev. Howard P. Buxton officiating. Mr. Smith is a prominent and successful attorney in town and Mrs. Smith was formerly librarian at the Dixon public library. They were attended this morning by Mrs. Charles R. Leake and Mrs. Ruth Philpott. The many friends of Mr. and Mrs. Smith today join in wishing them much happiness.

## DINNER PARTY

The board members of the Dixon Woman's club will meet at a local tea room for dinner Tuesday evening. The club's annual meeting will be held Thursday afternoon at the home of Mrs. George Beier.

## WEEK END GUESTS

Mr. and Mrs. Oliver Rogers entertained guests over the week end.

Business men should see our Portable Remington Typewriters. Something new and very nice.—B. F. Shaw Printing Company.

## Community Club Enjoys Afternoon

The members of the South Dixon Community club with Miss Doris Welty and Mrs. Parke of Chicago as guests, met Wednesday afternoon at the home of Mrs. John Patterson.

The meeting was opened by singing several songs and a business session followed roll call. Mrs. William Remmers had charge of the program in which she conducted a contest. Mrs. Day Welty won first prize and Mrs. Laurent Henry won low.

At the conclusion of the business session "Crazy Eight" was enjoyed. Mrs. Remmers and Mrs. Walter Leyan receiving first and second prizes.

The hostess, assisted by Mrs. David Moore and Mrs. Henry Remmers, served delicious refreshments.

Mrs. Laurent Henry will be hostess at the next meeting on Tuesday, June 14.

## PRAIRIEVILLE SOCIAL CIRCLE

The Prairieville Social Circle will meet Wednesday for an all-day meeting at the home of Mrs. Adrian Mason near Prairieville.

## Miss Ruth Kerz is Honored at Parties

Miss Ruth Kerz, a bride-elect, was honored at functions Friday evening and Saturday. The first event, a buffet supper, was at the home of Mr. and Mrs. W. H. Ware, the hostesses being Mary Alice Buchanan and Mrs. Hugh Johnson, there being sixteen guests. Prizes at bridge were awarded Miss Irene Weyant and Mrs. Carl Seesser, the latter of Polo. The happy evening witnessed the presentation of a fine gift to Miss Kerz, and climaxed in the party taking Miss Buchanan to the Northwestern passenger station, where at midnight she boarded "The Challenger" for California.

Saturday morning Misses Margaret Ballou, Savilla Palmer and Irene Weyant entertained for Miss Kerz with a breakfast at Lowell park, during which the bride-to-be was again the recipient of a token of love from those present.

## CHILDREN'S PARTY AT COUNTRY CLUB

The annual party for the children of members of the Dixon Country club will be held at the club house tomorrow afternoon at 3:30 o'clock. The committee in charge is composed of Mrs. L. E. Grand Cannon, Mrs. Lyle M. Prescott and Mrs. Ben T. Shaw. The committee hopes for a large attendance of children.

## FOR MISS BARDWELL

Mrs. Ben T. Shaw entertained at a supper party Saturday evening in honor of Miss Clara Gwen Bardwell who will become the bride of Joseph Taber Johnson II of Rockford in the near future.

## PRIVATE SKATING PARTIES

The Dixon Telephone Office will hold its third skating party for employees and their friends at the Roller Rink on highway 30 tomorrow. The Borden's Cheese factory is sponsoring a private party for Wednesday. On Friday the rink has been reserved for a party of the Dixon DeMolay under the leadership of Harold C. Cook. Miss Gladys Odenthal will be hostess to a group of friends who skate at the local rink on Saturday.

## TO ENTERTAIN AT LUNCHEONS

Mrs. Louis G. MacDonald and Mrs. Z. W. Moss have given out invitations to a luncheon to be followed by bridge for next Friday at 1 o'clock at the home of Mrs. MacDonald, 322 Crawford avenue. On June 17, the following Friday, the two ladies will again entertain with a bridge luncheon at Whit-horne, the home of Mrs. Moss.

## FOR JUNE BRIDES

Brides and brides-to-be should see our beautiful samples of wedding invitations and announcements. They are the very newest, most popular and up-to-date.—B. B. Shaw Printing Company.

## TO WEDDING

Mrs. John G. Ralston and daughters Lucile and Joan went east last week to attend the wedding of Mrs. Jane Harvey Nilson to William Erskine MacKay which took place at Ole Lyme, Conn. The bride is a niece of Mrs. Ralston.

## LOYAL WORKERS

The Loyal Workers class of Bethel church will meet Thursday evening at the church. An election of officers will be held and all members are urged to be present.

## RETURN FROM VACATION TRIP

Mr. and Mrs. Carl Plovman have returned home from a week's vacation and fishing trip spent with friends from Rockford in the north woods and lake district of Wisconsin.

## HOME BUREAU UNIT TO MEET

The Harmon Unit of the Home Bureau will meet Wednesday with Mrs. Harold Peach. The major lesson on "Consumer Education on Hosiery" will be given by the home advisor.

## ENTERTAIN AT TEA

Mrs. Harry Edward will entertain with a tea Wednesday from 3 to 5 o'clock in honor of her mother, Mrs. Bastar.

## Lyons to be Honored by 8 Counties

Chicago, June 6.—(AP)—Richard J. Lyons, Republican nominee for United States Senator, will be honored at a celebration June 18 at Fox Lake on the eve of his downstate summer campaign. Party leaders from eight counties are sponsoring the event.

The eight counties and their chairmen are: Boone, Edwin A. Loop, Belvidere; Cook, Edward F. Moore, Chicago; DuPage, Paul A. Isherwood, West Chicago; Kane, Charles A. O'Connor, Aurora; Lake, William M. Marks, Lake Villa; McHenry, C. Frank Daly, Woodstock; Will, A. G. Schupp, Joliet and Winnebago, Paul C. Rosenquist, Rockford.

George F. Barrett, secretary and treasurer of the Lyons day committee, said each of the counties would send a motorcade.

## Modern Safety In Mining Discussed

Springfield, Ill., June 6.—(AP)—The Mine Inspectors' Institute of America convened today with discussions of modern safety procedures in mining featuring the three-day meeting.

The use of electricity underground, the problems of water in abandoned mines and technical problems also were slated for discussion.

Leonard Forester, state mine inspector of Percy, Ill., outlined safety practices in Illinois coal fields. The convention is the first in 13 years the institute has held in Illinois.

The delegates will tour Sangamon, Cass, Mason and Fulton counties tomorrow and inspect the Buckheart mine near Dunfermline.

SPECIAL all this week! DOBBS HATS 1/2 price at KATHRYN BEARDS.

## HEADS OLIVET COLLEGE

Olivet, Ill., June 6.—(AP)—The Rev. A. L. Parrott, pastor of the First Nazarene church of Springfield, Ill., has been elected president of Olivet College. He succeeded Dr. T. W. Willingham, who has held the office for 12 years. Dr. Willingham was given a two years leave of absence.

## WHY DON'T WE GET INVITED ANY MORE?

"If you, yourself, do not invite—you're sure to stay at home at night!" That's the answer in a nutshell. Point is, lots of folks are ashamed to ask friends over; ashamed of unsightly, worn-out old style furniture!

But there's no excuse to saddle yourself with old furniture today! Home-furnishing prices are low right now—and furniture styles never had more beauty and charm. See for yourself! Visit our store immediately.

### LOQUACIOUS YANKEES!

A NEW REPORT says that the United States, with six per cent. of the world's population, had about half its 37 million telephones last year. proving, of course, that talk is cheap in America!

TALK of eyesight conservation is cheap, true enough but actual care of the eyes by an expert optometrist is far cheaper. Comfort and efficiency which can not be achieved by any other means result from periodic optical attention in our completely equipped office.

## THE DRAW-OUT WAR-THE BELLIGERENTS' BOGEY

BY BRUCE CATTON

The wars in Spain, China and elsewhere make dreary and heart-breaking reading, but they have performed one light and refreshing service. They have shown, once again, that the military big-wigs and self-elected authorities on strategy don't really know what they are talking about. Not long after the World War these gentlemen began to sing a new song—or, more precisely, a new verse to a very old song. They assured us that there never would be another long drawn-out war like the one which began in 1914. The offense, they said, had become too powerful.

So we began to hear about the irresistible things which attacking armies would do hereafter.

First, there were airplanes. They would come out of the sky in swarms, raining immediate and complete destruction on every city, hamlet and filling station in their path. Nothing could stop them; neither anti-aircraft guns, hostile flyers, bad weather or poor marksmanship. One quick swoop and it would be all over.

Then there were the tanks. No longer would a few machine gun nests be able to hold up an entire division. The tanks would go wading right through, and the infantry would saunter along after them and pick up the pieces. There just wouldn't be any stopping 'em.

Lastly, there were the infantry attacks. Mechanized armies would move more swiftly, striking with the speed and force of thunderbolts. Armies wouldn't have time to dig in; the war would inevitably be ended before any long trench lines like those of the World War could be formed.

All of this was solemnly promised a waiting world. And then the wars in China and Spain got under way and put the theorists to the test.

So what happened? So the tragic, costly story of the World War got repeated all over again. There were new weapons, to be sure, and new tactics; but the irresistible offensives somehow failed to develop, and the long agony of Madrid stands as living proof that siege warfare today is just about what it was 20 years ago.

Now it may be a little hard to see just where the world is any better off this way than it would be if the boasts of the theorists had been borne out. Yet in a very real sense the world is lucky that things have worked out as they have.

It just happens that the belligerent nations are precisely the ones which could not stand long wars. They wouldn't fighting, but they'd have to wind things up in a hurry, for they haven't got what it takes to go on fighting year after year. And because it is becoming more and more obvious that any war is likely to be a long one, the world's chance of dodging another war is measurably brighter.

If it were possible to win wars quickly and get them over with, the world's peace would be much less secure.

## HOW TO BEHAVE

Considerable publicity has been given a code of etiquette drawn up for college boys by an eastern dean of women. Introductions, dress, table manners, attitude toward women, removal of the hat, and general behavior on the street are the main points of the code.

More timely at this season of the year would be a similar code for new graduates. Such as:

Introductions—Don't say, "My name is Henry Smith. I have a Bachelor of Arts degree." Better: "My name is Henry Smith. I have always admired your firm."

Dress—Your first investment should be a pair of spats. You may find yourself without a pair of socks some day.

Table manners—Don't push into the line. The other men have probably been standing there in the cold for hours.

Removal of the hat—Do it every chance you get. You might as well, while you still have your hair.

Behavior on the street—Walk as if you had some place to go.

Attitude toward women—Respect, always. You may be asking one for a job some day.

## THE RIGHT TO FIDDLE

Chalk up a credit mark for the New York state judge who allowed a woman juror to do her crocheting in court!

He recognized that it would actually help her in her thinking, and every schoolboy knows that one of the things the world sorely needs is more jurors who can think.

Of course, this may lead to some pretty odd-looking courtroom scenes if the idea is carried out to its logical conclusion. There would be jurors whirling in swivel chairs, jurors filing their nails, even pacing back and forth in the jury box.

But why not? Anybody who has spent a little time around courtrooms knows that a great many attorneys seem to save up a year's fiddling for their court appearances. And often when the judge appears to be playing statue he's actually producing stars and curlicues on a scratch pad.

If there's one place where Equality Before the Law ought to be maintained, it's certainly in court. And what's sauce for the jurist is sauce for the jury.

Washington — For years, the

Rockefellers have jockeyed with the Morgans to control the New York Stock Exchange. Usually the Morgans have won out.

Now, however, the Rockefeller have a man among the candidates for czar of the exchange who has a good chance to get the job.

He is Ernest M. Hopkins, president of Dartmouth College, and one of the leading educators of the country. The link between Hopkins and the Rockefeller lies in his membership in the Rockefeller Foundation, also in the General Education Board, powerful endowment organization controlled by the Rockefeller.

Hopkins is a man of great courage and conviction, but his connection with the Rockefeller, even though indirect, may cost him the job.

The young group which now dominates Wall Street is determined to clean up the exchange, and they are just as serious (almost fanatic) about it as Franklin Roosevelt is about putting across his New Deal program.

Note—One thing is certain: since the Dick Whitney fiasco, the Morgan firm will not dominate the N. Y. Stock Exchange.

Another Wall Streeter

Another candidate for the Stock Exchange presidency to keep your eye on is astute, quiet-spoken Lee Crowley, head of the Federal Deposit Insurance Corporation.

He is the No. 1 choice of certain potent Wall Streeters who consider him particularly fitted for the job as an experienced banker who is also a shrewd politician standing side high with the president and the Securities and Exchange commission.

Crowley had headed the FDIC since it was organized in 1933. A Milwaukee banker and big-gun Wisconsin Democrat, he lined up for the presidency before the Chicago convention. Both in 1932 and 1936 he was Jim Farley's right-hand lieutenant in managing the election in the middle west.

In Washington, Crowley hasn't always seen eye-to-eye with New Deal fiscal policies, but he has kept his personal opinions to himself and publicly gone 100 per cent down the line for the administration.

Standing out vividly against the sickly green covering of the long couch against the wall to the left of the president's desk in the executive offices, are a pillow and lap robe made of brilliant-hued leopard skin. Both articles are favorites of the president. They give a unique touch to the historic chamber.

Abroad

The car used by the president during his sightseeing trip at Arthur Dale, W. Va., was the special auto recently built to secret service specifications. Equipped with hidden gun racks and a two-way radio set, it was driven to Arthur Dale in advance of the president's arrival by a White House chauffeur and a secret service man.

Note—Pointedly omitted from

the president's laudatory reference to the West Virginia congressional delegation was the name of buck-toothed Senator Rush Holt, truculent New Deal bolter.

Judicial Shutout

The Supreme Court hung up one record during its recent term. It passed on fourteen rulings of the U. S. Third Circuit Court of Appeals in Philadelphia and reversed every one of them.

For the Supreme Court to upset a lower court decision is not unusual, but for it to reject every decree of a particular court is new in judicial annals. Some of these reversals were of national importance.

Chief among them was the Pennsylvania Greyhound Bus case in which the Supreme Court upheld the right of the National Labor Relations Board to outlaw company unions. In this decision, Justice Stone not only slapped down the Third Circuit Court but sharply criticized it for delaying action on the case for "one year and two months."

Another major rebuff was the Supreme Court's extraordinary order for the lower bench to vacate its injunction prohibiting the Labor Board from reopening its case against the Republic Steel Corporation.

A third was the ruling freeing the Federal Power Commission from restraints imposed on it by the Third Circuit, barring the Commission from investigating certain affiliates of Associated Gas & Electric Co.

In a fourth decision, the Supreme Court held directly counter to the lower court to the effect that an attorney employed by a state to administer the affairs of a collection bank was subject to federal income tax. This made a big dent in the traditional immunity of all state employees from federal taxation.

No More

It is unlikely that the Third Circuit Court will again be subjected to the curbing it has just undergone. In the last few weeks three of its five members have resigned.

They were Joseph Buffington, 32 years old, feeble and hard of hearing, a federal judge since 1892, the longest in U. S. history; J. Whitaker Thompson, 77, a federal judge since 1912; also Victor B. Woolley, the "baby" of the trio, being only 71. Appointed by Wilson in 1914 Woolley has been in poor health for several years and absent from his office for long periods.

Still remaining on the court is another veteran, J. Warren Davis, 71 years old, appointed in 1920.

The fifth member is Judge John Biggs, Jr., 49, named last year by President Roosevelt under express authority by Congress to increase the size of the court in order to expedite its work, which was 253 cases in arrears, of which 101 cases had been argued but without decisions.

Deaf Justice

Many stories are related about the eccentricities of the retired 3rd Circuit jurists. One is about a government lawyer who was arguing a case involving the Wagner Labor Disputes act. Justice Buffington interrupted to inquire on what clause in the Constitution the law was based.

"Section 8," replied the attorney, "which gives Congress the power to regulate commerce with foreign nations, between the states and with Indian tribes."

"Indians?" asked Buffington; "are there any Indians involved in this case?"

(Copyright, 1938, by United Feature Syndicate, Inc.)

A new ship, the Hall XPIB-2 has recently been turned over to the navy for fleet testing. The plane, a large seaplane powered by two "Wasp" engines, was intended for a torpedo-carrier.

It is reported that geologists in Canada now use airplanes to discover the location of valuable deposits of silver, iron, cobalt, and radium-bearing pitchblende.

By using magnesium alloys instead of steel in the landing wheels of the largest planes, about 150 pounds the weight of the ordinary male passenger, can be saved.

"The Arabian Nights" has been translated into almost as many languages as the Bible.

The fisher, an animal weighing only about 12 pounds, will pounce upon, and kill, a full-grown deer.

A contract for \$2,327,724 was awarded to the Douglas Aircraft Co. by the War Department. The planes are to be used for the transportation of supplies and equipment for the air force.

In San Diego county, Calif., the sheriff's department is now using planes to track fleeing criminals. The police cars and the planes are in communication with each other by means of radio.

The United States is divided into seven regional districts under the direct supervision of a regional supervisor who has jurisdiction over all of the Bureau of Air Commerce functions in that district.

Eden set himself up as a major prophet when he predicted in substance that if Chamberlain made concessions in principle to the dictators, they would turn later and rend England.

Still, the premier felt that he was justified in taking the chance in the interests of peace. As one of the shrewdest minds in Europe, he knows full well that he is either headed for eternal fame, or is erecting a monument for himself that will be forever called "Chamberlain's folly."

Obviously then, his Spanish peace move is a momentous thing. Upon his success or failure in Spain may depend the outcome of his policy of "bargaining" with the "isms."

Chamberlain then drove a bargain with Il Duce, involving concessions on both sides. Among other things, the British statesman reluctantly agreed to recognize Mussolini's annexation of Ethiopia, there by to this extent forsaking England's cherished principle of non-recognition of armed conquests of this sort.

Not Fully Effective

Now this Anglo-Italian agreement, hailed in some quarters as a great achievement for peace, doesn't become fully effective until after Italian and other foreign troops are withdrawn from the Spanish war. This naturally means after the war is finished, as Mussolini has shown no disposition to abandon the insurgent leader, Generalissimo Franco.

Since Premier Chamberlain will have little to show for his new policy until his treaty with Mussolini becomes effective, and since that won't be working until the Spanish war is finished, we find the Briton busy trying to make peace in Spain.

## GIANTS LOSE FIRST PLACE TO CHICAGO

### Current Slump Is Extended To Six Games in Row

By HUGH S. FULLERTON, JR.  
(Associated Press Sports Writer)  
The New York Giants, if they haven't too busy wondering what has happened to their batting averages during the past week or so, probably are wishing Kipling had been right when he wrote that the east and west never shall meet.

The Giants are down in second place in the National League now, a half-game behind the Chicago Cubs.

They have lost six games in a row, four since starting west. They got only three hits yesterday as they took a 4-1 drubbing from Cincinnati's Reds and finally lost their lead to Chicago, which belted over the Phillies, 7 to 1.

After giving up a first-inning run when Joe Moore singled and Mc Ott doubled, Johnny Vandemeer didn't yield another hit until the ninth. The Reds wrecked Clyde Castelman's part in a mound due in the eighth when Buck McCormick's 16th double of the season brought in two runs and Harry Craft singled McCormick home.

Cubs Hammer Mulcahy  
With Tex Carleton hurling steadily for his sixth victory, the Cubs hammered "losing pitcher" Mulcahy for three runs in the fourth and four in the seventh with doubles by Carleton and Ken O'Dea sending home most of the tallies.

Cincinnati climbed into fourth place as the Brooklyn Dodgers, who haven't been finding western opposition any too tough, went on another batting spree and belted over Pittsburgh's Pirates, 10-5.

Boston's third-place Bees got only an even break in a twin bill at St. Louis. They dropped the opener, 6-5, when Pepper Martin doubled home two runs with a pinch hit in the ninth and himself slid home when Elbie Fletcher made a wild peg, then hammered out a 10-3 victory in the afterpiece behind Milt Shoffner.

Cleveland's Indians, who were expected to receive a few lumps during an American league eastern tour, continued to confound their critics by beating Washington, 5-4 in 10 innings. It was their fourth triumph in five games since they left home and put them four full games ahead of the New York Yankees, who dropped a 6-5 decision to the St. Louis Browns in what started out as a double-header but finished as one game and several thunderbolts.

Homeless Fail To Win  
Two home runs by Hal Trosky and one by Lyn Lary couldn't win for the Indians tripled to tie the count in the ninth and Willis Hudlin doubled in the tenth after Trosky had singled and been forced by Ken Keltner.

A four-run blast against Lefty Gomez in the fifth, plus a homer by Beau Bell that offset a similar walloping by Frank Crosetti, proved the downfall of the Yankees.

The Detroit Tigers and Chicago White Sox ended losing streaks without getting anywhere. The Tigers, after four losses, came back to blast the Boston Red Sox for nine runs in the second and won 16-4, as Vernon Kennedy hung up his ninth straight mound victory. The White Sox, who had dropped 10 in a row, hammered the Athletics to win the first game of a double-header, 8-2, behind Monte Stratton's six-hit flinging, but went down 7-6 in the second clash.

During March, 1938, the 17 scheduled airlines of the United States carried 94,112 passengers, and flew 5,549,469 miles. This is an increase of 20,549 passengers over February of 1938.

It is reported that dummy aircraft made of reed and matting were used by Chinese soldiers to draw Japanese aerial bombardment away from the airport.

## West Brooklyn Nine Keeps League Lead; Defeats Rochelle

(Telegraph Sports Service)  
Rochelle, June 6—West Brooklyn's nine kept a firm hold on the Illinois State league lead here Sunday by edging out Rochelle in an eighth inning rally by a 5 to 3 score.

Mau of Rochelle knocked a home run out of the park in the eighth frame driving in Cothran ahead of him to put Rochelle in the lead 3 to 2, but in the last half of the eighth West Brooklyn smashed home three runs. A double play was counted by West Brooklyn on a throw from Grove to Jones to Harms.

Following is the box score:

## PENNA HEADING FOR DENVER FOR NATIONAL OPEN

Kansas City, June 6—(AP)—Tony Penna, young Dayton, Ohio, pro headed for Denver and the national open golf tournament today with a silent prayer that his niblick will perform as well there as it did in Kansas City's \$5,000 open.

Because "my niblick" pitcher never failed me," Tony cut six strokes off Hillcrest's par 73 in the final 18 holes of the abbreviated 54-hole tourney yesterday. That gave him a 212 total, seven under par and \$12,500 first money. He putted for birdies on nearly every hole on the last round.

Accompanying Penna west for the national open were virtually all of the big name pros who drew 13,000 spectators to Kansas City's first big tourney in years. So enthusiastic were the sponsors they planned to make the event an annual affair and to bid for the national open about 1940 or 1941.

Gale Too Strong  
Jimmy Demaree, Houston's "bac weather" champion, found the afternoon gale on the hump-backed course no to his liking. Leading the field by two strokes after 36 holes he soared to 76 for a 218 and a tie for sixth with Willie Goggin, San Bruno, Calif.

Paul Runyan, White Plains, N. Y., took \$750 second money with 215.

Sam Sneed, White Sulphur Springs, W. Va., was third with 216.

Johnny Revolta, Milwaukee, who shot a 68 Saturday to tie Harry Cooper of Chicago for the first day's lead, wound up with 217. It gave him a tie with Frank Walsh of Morton Grove, Ill., for fourth.

## CHARLIE GRIMM THINKS GIANTS HEAD FOR FALL

Chicago, June 6—(AP)—Manager Charlie Grimm of the Chicago Cubs thinks the New York Giants are on the spot and heading for a ride before the week is out.

"The Giants have been setting the pace for a long time and it's been all right with us," grinned the Cub pilot, whose club went into first place in the National League race yesterday. The Cubs downed Philadelphia as Bill Terry and his crew took another whipping from Cincinnati.

"The pressure definitely is on the Giants now," Grimm continued. "We didn't do so well earlier in the season while the Giants were hot, but they've been slipping while we steadily improved. We haven't been getting any hitting from Frank Demaree, and a player of his proven ability is certain to start going. Joe Marty, out with injuries for a long time, is back in the outfield. Our pitching is consistently good. So I think the Giants are going to have trouble this week."

The Cubs and Giants are scheduled to meet Tuesday for a single game, twice on Wednesday and wind up the four-game series on Thursday. Grimm has made no secret of the fact that he has been

## Maytown Hands Dixon First Illinois State Loop Defeat 10 to 6

Spohn Silences Dixon's  
Artillery By 13  
Strikeouts

Maytown's fast nine took a fall out of Dixon's Knacks here Sunday afternoon before a crowd of 1,500 persons by a 10 to 6 count, the first Illinois State league defeat suffered by the locals.

Victory for Maytown snapped the winning streak of the Knacks after four victories straight, one casualty being reported among the spectators when Roy Kuhn's father was cut over the left eye by a foul ball which was hit into the crowd. Dr. H. J. McCoy who was present, took the victim to his office and dressed the wound.

Spohn Is Effective  
John Spohn, Maytown hurler, set the Knacks down with men on bases when a couple of his would have won the ball game for Dixon. Spohn struck out thirteen men.

Negro in the left field for Maytown made four nice catches to pull Spohn out of trouble. In the last of the ninth with the bases loaded for Dixon, Negro made a diving catch of Windmiller's short fly in left field to end the game. Henry also struck out thirteen men but errors behind him helped Maytown to win. Maytown counted three runs in the sixth on one hit and caddy errors by McDonald and H. Prestegard. Roy Kuhn was the hitting star for the Knacks with three hits including a homer in the second inning, which brought two runs ahead of him.

The big bats of Ole Prestegard, H. Prestegard and Mulcahy were silenced by Spohn's effective twirling. Spohn threw nothing but curve balls all afternoon at the right handed hitters of Dixon. Chao led the Maytown batsmen with three out of five blows.

The game was played under handicaps owing to the large crowd and ground rules were enforced. Practice will be held Tuesday and Thursday evenings this week for the game with Walton next Sunday, there.

Umpires—Worman, Hussey.

## Dorothy Andrus Eliminated From Hard Court Meet

Auteuil, France, June 6—(AP)—Dorothy Andrus of Stamford, Conn., and New York was eliminated today in the second round of the French hard court tennis championship by Mrs. Harry Hopman of Australia, 6-1, 6-2.

The Australian girl's accurate placing and steady driving forced Mrs. Andrus into a series of errors and she had little chance from the start.

Owen Anderson, young Californian who has been moving down high-ranking Europeans this spring, finally came a cropper, bowing to the French southpaw, Christian Bousous, 6-4, 6-0, 6-2. Bousous thus earned a place in the quarter-finals.

waiting for the Giant invasion. The Cubs will have their four top ranking hurlers completely rested and probably will start Clay Brant Tuesday, use Bill Lee and Larry French Wednesday, and start Tex Carleton Thursday.

For the Giants, the pitchers likely will be Carl Hubbell, who bowed to the scrappy Cincinnati Reds Saturday, Cliff Melton, Hal Schumacher and Harry Gumbert.

## Paw Paw Rallies In Fifth, Ninth To Drub Welland 10-6

(Telegraph Sports Service)  
Mendota, June 6—Paw Paw rallied in the fifth and the first half of the ninth to club out a 10 to 6 Illinois State league victory over Welland on the Kakusha Park diamond here Sunday afternoon.

Welland went on a batting spurge in the second inning with five runs coming in putting the home team into a 6-2 lead. In the fifth however Paw Paw sent three runs across the plate and in a ninth inning assault on pitcher Snelgrove of Welland, Paw Paw drove home five more runs.

There were no home runs or double plays in the game. Following is the box score:

## Three-I Leaguers Biggest Fight Is For Second Place

Chicago, June 6—(AP)—With Evansville doggedly holding to its circuit lead, most of the excitement in the Three-I league pennant chase is being furnished by the battle for secondary places in the standings.

Springfield dropped two games yesterday to Cedar Rapids, 5 to 3, and 2 to 0, to slip from second to fourth place. Runner-up position was taken over by Moline despite the fact the Plow Boys lost their night tilt to Decatur, 11 to 4, the victory moved Decatur into third place.

Evansville split with Clinton, losing the first game of a twin bill, 2 to 1, and then coming back to take a five-inning nightcap 9 to 4. Bloomington lost to Waterloo, 7 to 6, and then evened the score for the day with a 14 to 0 victory in a second tilt as Schremer hurled two-hit ball.

## MAJOR WARFARE ON NET LADDER IN TOP FLIGHT

An earthquake rocked the tennis ladder Sunday and as a result the whole top flight collapsed like a tower of children's building blocks, every man taking over a new position.

The major shock of the entire afternoon came when Ken Smith, No. 2, dropped Howard Quick No. 1 from the top of the ladder and took it over himself. Cliff Flanagan was submerged into No. 6 position by Alan Wienman who took over No. 4 spot, but refusing to stay down, Flanagan scrambled back into No. 3 spot by upsetting Bill Rusk, the first time he has been able to accomplish a victory over Rusk in three challenge bids to date. Only Garland Sinow in No. 5 position retained his present ranking.

Wienman defeated Flanagan 6-2, 7-5. Flanagan downed Rusk 6-3, 6-2, and Smith subdued Quick 6-8, 6-2, 6-2. No results were reported from the rapidly growing bottom flight which now lists eight players.

Robert Buxton, still in No. 7 position must now defeat Bill Rusk No. 6, in order to get into the top flight and be in a position to challenge any of the others in that division.

During a recent test over the period of one year, it was discovered that there were 40,000,000 Pullman car patrons as compared to slightly more than 1,250,000 passengers transported by the airlines.

## Skyrockets to Schoolboy Record

J. C. Devall is shown gracefully clearing the bar at 6 feet 6 1/2 inches, which is a world schoolboy record. He is a 6-foot 3 1/2-inch senior of Itrouma High School of Baton Rouge, and a likely member of the southern team in the national A. U. meet in Buffalo, July 2-3.

J. C. Devall is shown gracefully clearing the bar at 6 feet 6 1/2 inches, which is a world schoolboy record. He is a 6-foot 3 1/2-inch senior of Itrouma High School of Baton Rouge, and a likely member of the southern team in the national A. U. meet in Buffalo, July 2-3.

Geisel and Basil. Time of Game—1:52.

## Hartnett Insists On Playing When Giants, Cubs Meet

Chicago, June 6—(AP)—After more than 16 years service in the major leagues, Charles Leo (Gabby) Hartnett, the Chicago Cub's portly, star catcher, isn't averse to a little "vacation" now and then—but don't suggest that he take one with the New York Giants in town.

"Me out of the game against the Giants?" he boomed when asked if a wrist sprain, suffered Saturday, would bench him when the Giants open a scheduled four-game series with the Cubs Tuesday. "Say, that wrist would have to be broken to keep me from those guys!"

Hartnett, who is 37, is determined to catch 100 games. He has caught that many or more for 12 seasons. Ken O'Dea will handle Gabby's chores until the colorful Irishman is back in harness.

## Barney Ross Going Into Business With His Father-in-Law

Chicago, June 6—(AP)—Barney Ross, who lost his world's welterweight boxing title to Henry Armstrong last week, is going into business with his father-in-law, A. R. Siegal.

Returning from New York and, except for a discolored eye appeared none the worse from his beating, Ross said he plans to spend a few days at a Waukesha, Wis., resort and then go east. Siegal operates several women's wear stores in New Jersey.

"The game's been fine to me," said Barney, reiterating he was through with boxing. "Armstrong is a great fighter and Lou Ambler, lightweight champion matched to fight Armstrong July 26, is in for a busy evening."

A juniper tree, almost as old as the famous "big trees," has been found near Hillsborough, Calif. A core-cutting bore shows its age to be about 3000 years.

## PATH RECORDS FALLING LIKE LOUIS' AIDES

## Franklin Grove Events

Miss Grace Pearl, Correspondent

Mr. and Mrs. James Conlon entertained the Contract bridge club at their home Thursday night. Wilbur Breunier won men's high. Mrs. Cecil Cravens ladies' high and Mrs. Will Crawford honor. Out of town guests were Mr. and Mrs. Dallas Stultz of Rockford.

Mrs. Jennie Maronde and son Howard spent Sunday in Dixon in the home of Mr. and Mrs. Harry Eberly.

Mr. and Mrs. Norman Tompkins of Oak Park were week end guests of relatives and friends here.

Miss Joan Fish went to Oak Park Saturday afternoon for a few days' visit with her aunts.

The Junior choir of the Church of the Brethren enjoyed a weenie roast at Iron Springs Friday afternoon. They were accompanied by Mrs. Maurice Cluts.

Mr. and Mrs. Will Lott, Misses Mary Jean Miller, Fern Lott, Dr. Druce and Soloma Lookingland motored to Beloit, Wis. Sunday where they spent the day with Mr. and Mrs. Earl Apfel.

The Girl Scouts and their captain, Miss Winnifred Breunier, enjoyed a hike and weenie roast at Iron Springs Thursday afternoon.

Mr. and Mrs. Delbert Wright of Algonquin were Saturday night and Sunday visitors in the home of her brother, Frank Hatch and family.

the refreshments which consisted of cherry aid and cake. Junior Tompkins and Earl Miller enjoyed the refreshments also. June received some very lovely gifts.

### W. C. T. U. NOTES.

The W. C. T. U. met June 3 with Mrs. Henry Hicks, with a good attendance of members and several visitors present. The meeting opened by singing "This Is My Father's World," followed by roll call, each responding with the name of her favorite flower. Devotions were led by Mrs. Sunday, the thought of the Heavenly Father's loving kindness being the theme.

The program was in charge of the Flower Mission director, Mrs. Sadie Blaine. Two poems "Why" and "Where There's a Will There's a Way" were read by Letha Snider. Miss Leone Fisel gave the "Story of Jennie Caccaday," the lovely young Kentucky girl who was severely injured while riding and never walked again. During her years as an invalid, she formed the habit of sending flowers from her dearly loved garden to other afflicted ones, together with a message of cheer and sympathy.

While attending a W. C. T. U. convention in Louisville, Frances E. Willard learned of the fine service of Miss Caccaday and was inspired to establish a flower mission department in the W. C. T. U., appointing her as the national director. This has become a part of W. C. T. U. activities everywhere, and the birthday anniversary of Jennie Caccaday in June is always observed by a special program, and her example of remembering the sick and shut-ins is regularly followed.

A beautiful duet was sung by Rev. and Mrs. Studebaker, articles concerning the work of the Flower Mission Department were given by Mrs. Verda Blocher and Mrs. Sunday, also a duet, "In the Garden" by Misses Ida Blocher and Leone Fisel. The program closed with an interesting little playlet, "Say It With Flowers," given by Marie Snider, Verda Blocher, Gwendolyn Studebaker and Miss Snider.

A short business session followed with some discussion of ways the Educational Department might co-operate with the Vacation Bible School which will soon be held here. Plans for placing a roadside sign which is a part of the million dollar educational project, were also discussed, with the matter left to a committee.

Announcement was made of a Regional W. C. T. U. Conference to be held at Sandwich on June 21. Further details will be published later and it is hoped that the local unit may be well represented.

Dainty refreshments of ice cream and cake were served by the hostesses, and a pleasant social half hour enjoyed and the meeting adjourned.

CLASS PICNIC

The Merry Maids class of the Presbyterian Sunday school with their teacher, Mrs. Wilbur Dysart enjoyed a picnic at Mill Springs on Friday afternoon. The hostesses were Misses Dorothy Pyle and Joan Fish. Each girl was given a paper sack in which was weenies, buns, potato salad, deviled egg, cup cake. Each one roasted their own weenies. Marshmallows and ice tea was passed around. Those attending were: Marie Black, June Hatch, Mildred Bill, Eunice Miller, Janet Myers, Georgia Mae Hintz, Marjorie Breeze, Mrs. Mabel Henry, the assistant teacher. Cars were furnished by Mrs. Charles Pyle, Mrs. Wilbur Dysart and Miss Janet Myers.

BIRTHDAY PARTY

Nadine and Georgia Smith, Patricia Winnebeck, Roseann and Rachel Smith attended a birthday party for June Miller who was celebrating her 7th birthday anniversary at the home of her parents, Mr. and Mrs. Abe Miller Saturday afternoon. Janice Watson and Marion Miller assisted in serving

## New Church Head

RALPH H. KNAPP

Incoming President of The First Church of Christ, Scientist, in Boston, Massachusetts

Boston, Mass., June 6.—A warning to nations "whose governments have been conceived largely in selfish ambition and brought forth by human force" was issued here today at the annual meeting of the First Church of Christ, Scientist, The Mother Church, by The Christian Science Board of Directors who declared the lessons of history show such governing bodies to be "of few days and full of trouble."

Reports disclosed continued growth of the Christian Science movement, increasingly higher standards for authorized periodicals, and a larger number of requests from groups of non-Scientists for representative Christian Scientists to address them.

Election of Ralph Hastings Knapp, C. S., of Needham, Mass., as President of The Mother Church was announced. He succeeds Judge Clifford P. Smith of Newton, Massachusetts. Edward L. Ripley of Brookline and Ezra W. Palmer of Marshfield were re-elected treasurer and clerk of the church respectively. The president is elected by The Christian Science Board of Directors to serve for one year. His duty is to be presiding officer at the annual meeting.

Mr. Knapp is a son of Ira O. Knapp and Flavia S. Knapp, two of the 12 called upon by Mrs. Eddy to reorganize the Christian Science church in September, 1892.

When a young boy, Mr. Knapp and his mother were healed in Christian Science and through this healing the entire family became interested. He has served First Church of Christ, Scientist, Needham, Mass., as reader, director and president. He is on the teaching faculty of Mechanic Arts (Technical) high school in Boston.

Directors' Report

Mr. Palmer, reading the statement from the directors, reported that The Mother Church has grown substantially in numbers during the past year; is united, harmonious, and without debt. Then continuing on the theme of world relations he read, in part:

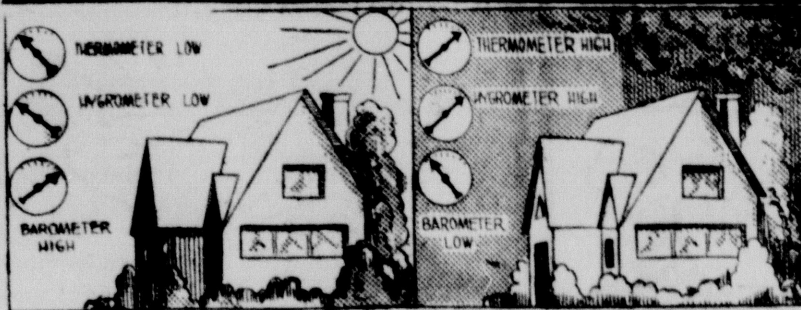

"More important than all, however, is the marked success with which the healing ministry of Christian Science is being practiced throughout the world. It also indicates that the day is approaching when responsible heads of governments will see that undue reliance upon material means and methods to accomplish their ends inevitably results in failure and defeat. They will then realize that no nation is stronger than the moral fiber of its people, and that a nation can become truly great and permanently endure only to the extent that spiritual qualities are cultivated in the thoughts of its citizens and permitted freely to operate in the government of their lives."

The Directors further called the attention of Christian Scientists to the responsibility they have in respect to upholding such fundamental issues of life as cultivation of good will and preservation of a system of government protecting the civil rights of its people and ensuring to them freedom of speech, of the press, and of religious worship.

CANTON BOND ISSUE

Chicago, June 6.—(AP)—Public offerings of a new issue of \$475,000 of 3 1/2 per cent water and sewer revenue bonds of Canton, Illinois, was made today. The bonds are dated May 1, 1938, mature from 1941 to 1968, and are priced to yield from 1.75 per cent to 3.30 per cent. They are being issued to improve the water and sewerage system.

## THIS WEEK'S WEATHER

FAIR WEATHER.  
HEAVY COOL DRY ATMOSPHERE  
Grand Sleeping Weather

Did you ever oversleep on a dark, rainy morning? Did you ever show up for work late, and give as an excuse that it was such grand sleeping weather that you could not wake up? The next time the boss snorts when you give this excuse tell him that there is a scientific fact behind your sleepiness.

The meteorological effects on clear mornings are very different from those on rainy mornings. When the sun shines brightly the barometer is high, the thermometer is low and the hygrometer is low, while on dark rainy mornings the barometer is low, the thermometer is high and the hygrometer is high. The thermometer, you will recall, measures the temperature of the air, and the hygrometer measures the amount of water vapor there is in the air. This water vapor ranges from 10 to 100 per cent on very dry days to 100 per cent on extremely wet days. The barometer measures the weight of the air. Air normally weighs 15 pounds per square inch, on every surface, including your body. On bright days the air pressure on the barometer is high. The air then presses several ounces more on every square inch of your body. This higher air pressure forces a little more oxygen into your blood than normal and the lower air temperature and humidity permit your body heat to escape a little more rapidly, so life moves at a slightly faster pace than normal and this is why you feel so peppy. Now if the sky is gray and rain is falling, conditions of exactly the opposite sort prevail. When the air is heavily charged with moisture the barometer reads lower than normal and you are carrying several less ounces of air pressure on every square inch of your body. When the water content of the air is high, your lungs do not throw off water vapor with their accustomed speed. The lowered air pressure does not force oxygen into your blood with quite the rate that it does in clear weather. For these reasons you are slightly "drowned" by a storm. Of course, you are not drowned to the same extent you would be if you were submerged in water, but your life processes do not go on at quite the rate they

usually come in with the tide, and leave as it departs. During dark stormy weather insects are generally dormant and do not fly or fall into the water or streams, so that by the time the weather clears, the fish are so hungry they will bite at anything.

Question—My telescope shows every star with a fuzz of light on one side, like a comet's tail. What is wrong? (T. L. D.)

Answer—Your lenses are off center and set in their tubes crooked. Be sure they lie center to center and square in their tubes.

VACATION WEATHER MAPS

Are you going to the mountains for your vacation? The Adirondacks, Yellowstone National Park or Glacier National Park? We have arranged with Prof. Selby Maxwell to prepare Vacation Weather Maps for the region of Yellowstone Park and Glacier National Park which forecasts the principal kinds of weather to be encountered in these regions during the vacation season, June 15 to August 31. If you are going to take your vacation in the mountains you will want one of these vacation weather maps. It will be sent to you if you will address your request to Prof. Selby Maxwell, care of this newspaper, enclosing a 3c stamped self-addressed envelope for your reply and 10c to cover the actual cost of preparing these special Vacation Weather Maps.

WEATHER QUESTIONS

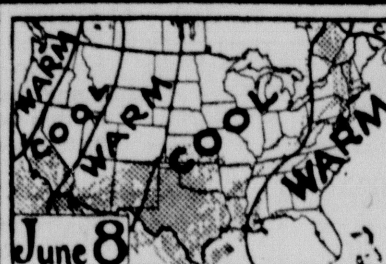

Question—Many people say that the wireless transmitters we have nowadays cause unreasonable weather. Have radio transmitters anything to do with the weather? (M. O.)

Answer—Probably not. Scientists working in laboratories with waves of the same nature as radio but very much smaller have been able to make air cloudy at will, but on a microscopic scale. Radio transmitters however, do have an unquestionable effect upon the flight of birds. Carrier pigeons seem dazed when released in the presence of a radio transmitter and may become unable to find their way back home.

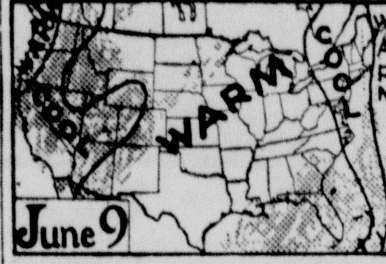

Question—Do fish lose their teeth with the waning of the moon and thereby do not bite? (W. S.)

Answer—I feel sure that fish do not shed their teeth with the waning moon. The effect of the moon on fish in inland waters has never been proved, but the tides caused by the moon have a great effect upon fish in the waters of the sea and in bays and tributaries. Fish

## CZECH PREMIER DELIVERS REAL FIGHTING TALK

Bratislava, Czechoslovakia, June 6.—(AP)—In a fighting speech, cheered by a great crowd, Premier Milan Hodza today repudiated the claim of Father Andreas Hlinka and his Slovakian autonomist followers to speak in the name of this Republic's Slovakian minority.

"They can speak only for their party," declared the premier, himself a Slovak, "and your presence here"—waving his arm toward the cheering crowd—"is the best answer to what they said here yesterday."

"We of the republic declare to the world that we are carrying on, x x x we are solid and unshakable as a rock. We will not permit anyone to destroy our republic."

Hodza threw the whole weight of his influence into efforts to solve dangerous problems arising from the demands of Father Hlinka's group for Slovakian autonomy, another disruptive factor added to the autonomy agitation carried on by Germanic, Polish and Hungarian minorities.

The premier arrived amid echoes of a hostile demonstration yesterday by the Hlinka party, seeking to answer the autonomists' display by a more powerful one for Czechoslovakian unity.

"You and I have been loyal to each other until now," the premier told his hearers, "and we will continue to be loyal forever."

"It is true that black clouds hang over the republic today. You have gathered here at a time when we can ask ourselves whether we are capable of maintaining our independence."

"There were moments," the premier continued, "when it was doubtful whether we could maintain order within our boundaries—whether we could show ourselves worthy of our independence. We are a calm people, but when the moment comes we can show that we fear nothing and nobody. Our peoples are heroic not only in patience but also in determination. This has been recognized by the great democracies of Britain, France and the United States."

It is thought that the Mississippi river valley once was a great interior sea.

## Mt. Morris Doings

Mrs. Bert Stimax, Reporter

Kable Bros. Company have installed a double badminton court just west of the Kable News building for the benefit of their employees.

Ernest Ranson spent the week end in Chicago.

Mrs. Milton Johnson of Marquette, Mich., is visiting at the home of her parents, Mr. and Mrs. S. E. Avey.

Mrs. Ed Hill and daughter Kay Louise are visiting relatives in Sterling.

Mrs. Ed Ripple entertained at "42" on Thursday evening. Mrs. Nellie Johnson won high score and Mrs. Ada Watts low.

Mrs. Dale Emmert and Mrs. Den Tracy drove to Mt. Vernon, Ia., and returned with Clarence Tracy who is attending school there.

Mr. and Mrs. Harold Cruden of Oregon drove to Chicago Saturday with Mrs. Earl Hanke and children Earl Jr. and Jerry Mildred who will leave from there for several weeks visit at Louisville, Ky.

Misses Helen Avey and Audrey Estes spent the week end in DeKalb with Miss Ruth Avey.

Robert Harvey attended a convention of the "Last Man's Club" at the Harding Hotel on Saturday. This is a yearly affair of army buddies who meet and talk over old times.

Mr. and Mrs. W. B. Cratty and family arrived Saturday from North Hollywood, Calif., for a short visit with the former's brothers Roy and Jay Cratty. They are moving from California to Buffalo, N. Y.

Mrs. Ed Zemnick and daughters Florence and Irene and Mrs. Lorin Dolby and son Lloyd of Aurora were recent guests of Mr. and Mrs. Paul King west of town.

Mr. and Mrs. Louis Incontro and sons Ted and Willie drove to Wisconsin Rapids Friday and visited the paper mill. On the return trip they stopped over night at the Wisconsin Dells where Mr. Incontro caught some very nice rainbow trout.

The regular meeting of the Townsend club will be held on Wednesday evening, June 8, at the town hall. The meeting will start at 8:00 o'clock. Attorney Gishwiller of Rockford will be the speaker.

Dr. and Mrs. D. S. Mosier of Bay City, Mich., are visiting the latter's sisters, Mrs. Roy Cratty, Mrs. Maurine Samsel and Mrs. C. C. Weaver.

Mrs. Pearl Myers of Utica, New York, and Mrs. Lois Curtis of Worcester, Mass., are visiting relatives here.

## Noted Gynecologist Died at Age of 84

Chicago, June 6.—(AP)—Dr. Henry Truman Byford, who headed the department of gynecology at the University of Illinois medical school from 1892 to 1914, died at his home yesterday after an illness of one year. He was 84 years old.

Dr. Byford, a native of Evansville, Ind., was the author of several standard works on gynecology and obstetrics. He was a former honorary president of the International Congress of Gynecology & Obstetrics.

Funeral services will be held tomorrow afternoon in the Graceland cemetery chapel, with burial in the family mausoleum.

Survivors include the widow, two sons and a daughter.

HOW TO SAVE AMERICA

Stockbridge, Mass.—(AP)—Carl Vrooman of Bloomington, Ill., assistant secretary of agriculture under President Wilson, said in a speech at a meeting at the Oxford group that if businessmen could overcome personal problems, greed

## Legal Publication

NOTICE TO CONTRACTORS. Gravel or stone roads—Bradford Township.

1. Time and Place of Opening Bids. Sealed proposals for the construction of gravel or stone road beds will be received by Andrew Scharpf, Commissioner of Highways, Bradford Township, at the office of the County Superintendent of Highways until Tuesday, June 7th, at the hour of ten o'clock A. M. in Dixon, Illinois, and at that time publicly opened and read.

2. Description of Work. The proposed work consists of the furnishing, hauling, and spreading of gravel or stone upon the several sections of road in Bradford township under the direction and to the entire satisfaction of the Commissioner of Highways and County Superintendent of Highways. The sections of road to be improved are as follows:

1. Beginning at a point in the public highway on the Town line between Bradford and Viola Township at the Southeast corner of section 24 (Bradford Township) and continuing west in the present highway 260 rods to connect with the present gravel, also,

2. Beginning at a point in the public highway at a point 40 rods east of the quarter section corner on the South of Section 7 (Bradford Township) and continuing north in the present highway 160 rods to connect with the present gravel, also,

3. GRADATION OF MATERIAL: GRAVEL

100% pass 1 1/4" square opening not more than 15% to pass a 3/16" square opening

STONE

100% pass 1 1/4" square opening not more than 15% to pass a 3/16" square opening

4. Instructions to Bidders: Bids will be received on separate sections and upon the work as a whole, however, unit prices for individual sections will be included on each proposal. Proposals information, and so forth can be obtained by contacting either the Commissioner of Highways (Andrew Scharpf) of Bradford Township or Fred W. Leake, County Superintendent of Highways. All proposals must be accompanied by a bank cashier's check or bank draft for ten (10) per cent of the amount of the bid, as provided in the "Standard Specifications for Road Construction" prepared by the Department of Public Works and Buildings of the State of Illinois, and adopted by said Department July 1, 1936, with subsequent revisions.

5. The said Highway Commissioner and County Superintendent of Highways reserves the right to reject any or all of the proposals and to waive technicalities.

ANDREW SCHARPF, Commissioner of Highways—Bradford Township.

May 23, 31 and June 6th
